| <b>Karline Purcell</b>    | Deputy Chief Executive Officer, Investment Migration Agency of Grenada (IMA) |
| <b>Zara Tremlett, CMM</b> | General Manager & Project Manager, Camper & Nicholsons Port Louis Marina     |

### EXECUTIVE PURPOSE

The 2026 Caribbean Entitlement & Hospitality Strategic Sessions™ convene governments, investors, developers, hospitality leaders, family offices, and strategic partners to strengthen development readiness and advance capital formation. Session II positions Grenada's climate-resilient hospitality, boutique development, marina infrastructure, wellness, agro-tourism, and blue economy assets as a differentiated investment platform and gateway to Closed Executive Sessions™, Executive Inward Delegations™, and EXODUS™.

### STRATEGIC CONTEXT

Grenada's scale, tri-island character, coastal assets, agricultural heritage, wellness appeal, and premium tourism potential support distinctive rather than mass-market growth. The investment proposition depends on appropriately scaled projects with secure site control, clear land-use and environmental entitlements, resilient infrastructure, capable local operators, and disciplined capital structures.

### INVESTMENT LENS

|                                                                                                                                                                                                                  |                                                                                                                                                                                                                |                                                                                                                                                                                                       |

# THE BUCKLER GROUP

BUILDING ORDER. ADVANCING OPPORTUNITY.

## EXECUTIVE OBJECTIVES

- Advance climate-resilient hospitality and appropriately scaled boutique development.
- Identify marina infrastructure and associated waterfront and mixed-use opportunities.
- Position wellness, agro-tourism, and blue economy assets for place-based investment.
- Clarify site control, land acquisition, planning, environmental entitlements, utilities, and approvals.
- Mobilize diaspora, family-office, and institutional capital through credible structures.
- Align government, investors, operators, and local practitioners around an execution-ready pipeline.

## EXECUTIVE AUDIENCE

Institutional Investors • Private Equity • Family Offices • Boutique Hospitality & Marina Operators • Developers • Wellness & Agro-Tourism Leaders • Government & Tourism Authorities • Diaspora Investors • Professional Service Firms

## EXECUTIVE AGENDA

|   |             |                                     |

| 🕒 | 1:25-1:30   | Closing Reflections & Way Forward   |

## PARTICIPANT ACCESS & LOGISTICS

### SESSION

Friday, September 25, 2026 | 12:30-1:30 p.m. ET and Grenada time

### MODERATOR

Christopher A. Browne, Founder & CEO, The Buckler Group

### ZOOM ACCESS

Meeting ID: 844 896 7392 | Passcode: 791331

### PARTICIPATION

Join 5-10 minutes early. Participants remain muted during the moderated discussion and submit questions through chat for moderator selection.

## CLOSING PERSPECTIVE

Grenada's competitive advantage is not mass-market scale; it is the ability to combine distinctive, place-based assets with disciplined development. By aligning climate resilience, boutique hospitality, marina infrastructure, wellness, agro-tourism, and the blue economy with clear entitlements, credible operators, and well-structured capital, Grenada can build a premium, investable pipeline without sacrificing the character that creates its value.

## NEXT-STEP PATHWAY

After the session, The Buckler Group coordinates expressions of interest and proposed introductions with GIDC. Subsequent Closed Executive Sessions™ and Executive Inward Delegations™ are arranged separately for qualified participants and opportunities.

MANY ISLANDS. ONE CIVILIZATION.
